That would be wonderful Bobby! Do you have time tomorrow to talk? I will be on the phone all day today. If so, what time works best for you and what number can I call you at?

The panel for the Bristol Bay Session is as follows:
Bobby Andrew, do I put Ekwok Village Council?
Billy Maines, Curyung Tribe
Raymond Wassillie, Newhalen Tribal Council
Trefon Angasun, South Naknek Tribe & AK Peninsula Corporation

& I am going to call New Stuyahok and see if Dennis Andrew will be at the TLS and if so I will ask him to be on the panel as well.

For the TEK session:
Miriah Twitchell, Alaska Department of Environmental Conservation, Local & Tribal Government Coordinator for APDES
Bobby Andrew
Tami Fordham

I will be covering our TEK work on Bristol Bay & the Arctic General Permits - I might not focus too much on BBAY since will have a separate session on that.

I will also be inviting someone from Inupiaq country to talk on this subject as well. So we should have a great panel.

How much time would you like to discuss TEK?

Here is the schedule for the sessions:
TEK: 5/2, 1:45 - 3:15
Bristol Bay: 5/3, 10:45 - 12

Anyhow, let's talk tomorrow so I can let you know all of the details.

Here is the travel reimbursement request form if you haven't found it yet.

Have a great day!!

Thanks! Tami

Subject: Re: Tribal Leader's Summit?

Tami,

I had to check the agenda to see if there would be a conflict. I will be in Anchorage on the evening of the 27th and scheduled to head home on the 29th. I am very interested in being a presenter on the Watershed Assessment and on Traditional Ecological Knowledge which I was to have presented on during the Bristol Bay Campus Western Science Conference, but, couldn't really commit myself since I was on Jury Duty status then.

I like what I read for the Leaders' Summit and will find the funding sources to be there. It should save some money since my travel would only be from Anchorage.

If you can provide additional info I would appreciate.

Bobby

Subject: Tribal Leader's Summit?

Hi Bobby,

I am wondering if you have any plans to attend the EPA Region Tribal Leader's Summit (TLS)?

I am looking for presenters on the topic of the Bristol Bay Watershed Assessment and another session on Traditional Ecological Knowledge. I would love to have you on those panels if you were available?

I understand that the TLS has some travel scholarships (up to \$500) but I know that wouldn't cover the entire cost. Unfortunately EPA doesn't have any funds to help cover the rest. Not sure if there is another organization that could help get you there.

Here is the website to the Summit. The Grand Ronde tribe is hosting and it would be a flight to Portland.

<http://www.grandronde.org/tls/>

Please let me know if you are available so I can work with you on the panel discussions.
